

OBJECTIVE

I am deeply enthusiastic about exploring and gaining hands on experience in human computer interaction within cloud environments. My goal is to design and deploy interactive systems particularly speech-based or multi modal applications—by leveraging machine learning, cloud platforms, and related technologies

EDUCATION

Degree	Institute	CGPA/Percentage	Year
B.Tech (AI & DS)	KL University, Hyderabad	8.28 (Current)	2022 - 2026 (Present)
Intermediate	Sri Chaithanya College	74.1%	2022
Secondary	Triveni Talent School	100%	2020

INTERNSHIPS

- NIT Karnataka, Surathkal** Jun 2025 - Jul 2025
 - **Description:** This project uses YOLO-based computer vision to detect vehicles with an accuracy of around 85% mAP. The renewal status prediction module achieves about 92% classification accuracy, providing an end-to-end solution for automated detection and status verification.-[Certificate](#)

PROJECTS

- Gesture-Based Control of Presentation Slides using OpenCV**

Mar 2023 - May 2023

 - **Description:** This is a lightweight Python script that uses hand gesture recognition via OpenCV to let you control presentation slides without touching a keyboard or mouse. It captures your hand movements in real time (through your webcam) and maps gestures to commands like “next slide” or “previous slide.”
- Vecros App - UI/UX Design**

Aug 2025

 - **Description:** Designed an interactive prototype of the VECROS Pilot App using Figma, focusing on a clean UI and smooth user experience for managing pilot operations, missions, and emergency handling. [Figma](#)

TECHNICAL SKILLS

- **Programming Languages:** Python, Java, C
- **Web Technologies:** HTML, CSS, Django Framework
- **Database Technologies:** MySQL, SQL
- **Machine Learning Libraries:** TensorFlow, Keras, scikit-learn, NumPy, pandas
- **Tools and Platforms:** Cloud, Google Colab, Git, GitHub, Android Studio, Visual Studio Code

CERTIFICATIONS

- [Oracle Cloud Infrastructure 2025 Certified Architect Associate](#) Jul 2025
- [Github Foundation](#) Apr 2025
- [Oracle Cloud Infrastructure Certified](#) Mar 2025
- [Advanced Automation Certification](#) Sep 2024
- [Certified Linux Tutorial](#) Dec 2023

TECHNICAL EVENTS PARTICIPATED

- Buildathon a 24 hour event and worked on computer vision** Feb 2024
- NRSC, ISRO, Hyderabad, Industrial visit to NRSC Facility** March 2024
